

Dear Delta Stewardship Council members,

Please read my comments below aloud at the Board meeting tomorrow:

Dual conveyance, the Delta tunnels, should NOT be a promoted option or preferred alternative at this time. A comprehensive review and analysis is required by the Delta Reform Act. Plus, a benefit-cost analysis should be completed before declaring the Tunnels or anything else to be the promoted option and preferred alternative. I side with Save the Delta, who is asking for you to think first, act later. Such a rush for approval for a project without Federal permits, and without a financial plan, to me seems like an attempt to appease a private interest, not respect the law, the will of the majority, or the living world.

Sincerely,  
Brien Brennan  
Red Bluff, CA
